HIGHER QUALITY PACKAGING

WE KNOW THAT A PRODUCT'S PACKAGING SELLS IT BEFORE THE PRODUCT ITSELF, THAT'S WHY WE OFFER OUR CUSTOMERS THE MOST AESTHETIC DESIGNS WITH THE HIGHEST QUALITY MATERIALS...

CMF Plastik carries out innovative work in the sector with its understanding of high-quality packaging and its uniquely designed bottle models. To meet the plastic packaging needs of the food, cleaning, petroleum, cosmetics, pharmaceutical, and agricultural sectors, production continues 24/7. CMF Plastik is known for its expertise in innovative production methods for HDPE bottles and molds and for ensuring compliance with quality standards in its materials. With its equipment, experience, and innovative production approach, CMF Plastik delivers high-quality products and guarantees customer satisfaction. The company offers a product range with bottle capacities from 100 ml to 60 liters. In addition to a wide color scale, it mainly works with natural and white tones. Upon request, colored production can also be made according to the minimum order quantity, adapting to the demands of our valued customers. By leveraging its wide product range, CMF Plastik can produce custom molds tailored to your company's unique designs, complete your color selections, and manufacture your plastic packaging to help you bring your valuable products to the market.
